Introduction

This empowerment was channeled and passed on to me in January 2010. In the last year I was in need of some spiritual cleansing, releasing and spiritual protection. As we truly start to embark upon our life journeys all of us will at one time or another experience a shedding of the old and letting go of the things that no longer serve our highest purpose.

We in a sense, have a rebirth of our Spirits, we unfold as if we are butterflies, leaving the safety of our cocoons to fly towards our future destiny. This flight however does not always come easy and we sometimes find it hard to let go of the past and open our hearts to the love of the Universe that is here now! We need to shed those final layers of ourselves that contain the imprints of negative influences, attachments, and energies. Things that we said harshly about ourselves and/or things that were said harshly to us by others. Relationships in all forms that are no longer healthy for us to hang on to, as well as a need to feel deeply protected once those things are gone. In letting go, we often feel vulnerable, naked and unsafe. This beautiful and healing empowerment is a two step process that works on One's physical, mental and spiritual bodies by first helping to cleanse and release those fragments of unwanted energies and layers, and then to imprint and integrate a protective Crystal Faery Shield of light that keeps us safe and protected so that we may become who we were destined to be. The Faeries offer this Crystal Shield with their love and light for you to use at the start of each day or anytime you feel the need for protection. I am honored to share this powerful Crystal Faery Shield with the world. I sincerely believe my purpose in this lifetime is to keep the magick of Faery alive in as many people as possible. They are my inspiration, my guides, and most of all cherished within my heart.

May the Faeries always protect and guide you on your sacred journey.

**There are no prerequisites for receiving this attunement although some knowledge of Reiki or energy work is of course beneficial.*

The Crystal Faery Shield Empowerment:

This beautiful system has no symbols as it is an empowerment to the Crystal Faery Shield. When one becomes attuned to this Crystal Shield, they will have the ability to use it for life. It is a simple and very practical spiritual light shield that is instantly erected around the user when called upon.

The Crystal Faery Shield Empowerment Process

This empowerment can be sent using two methods, in person or distance.

In Person

Prepare yourself and the room in which you will be performing the empowerment. I recommend burning a Faery incense. Light some candles, play Faery music, whatever makes you and the person receiving the system, comfortable. The student does not need to do anything to prepare except relax and be open to the energies.

When you are ready to pass the connection place your hands/palms gently on top of the students palms and close your eyes focusing on your breath for a few moments. When you feel ready to pass on the attunement say aloud:

Faeries of the Crystal Shield, I ask for your blessing in releasing and ridding (name of person) of all negative energies or influences that may be standing in the way of their Soul's true destiny. Cleanse their Spirit with the light from your Crystal Shield.

Now ask the person receiving the empowerment to state the following aloud:

I welcome the Faeries of the Crystal Shield and I am ready to release and let go of all that no longer serves my highest purpose NOW! And so it is.

Lastly, the person giving the empowerment states the following aloud:

*Faeries of the Crystal Shield, I ask for your Crystal Faery Shield of Light to now infuse your protection around and within (Students Name), (Date and Time). I ask this in his/her highest good, that they be forever connected to this powerful Crystal Faery Shield and to use it with the love and light to which it was given.
And So It Is.*

Distance Attunement

This method is exactly the same except that you will not have your actual student present before you physically.

Prepare yourself and your space in whatever way you feel comfortable with. Repeat the entire process either by visualization within your minds eye or by using a proxy (usually a stuffed animal of sorts).

How to Use the Crystal Faery Shield:

To use the Crystal Faery Shield one needs only to call upon it by name or state the following to yourself or aloud; I invoke the Crystal Faery Shield NOW. It will automatically surround and protect you. You may state this at the start of your day to feel the Crystal Shield energies all day long.
