Pixie Unicorn Reiki Empowerment

The Pixie Unicorn Reiki Empowerment connects you to the Pixie Unicorns and helps you with healing, laughter, and joy. The Pixie Unicorns are very small Unicorns that reside in the Fairy Realm. They are happy and love to make you laugh. They are always around you, living in both the countryside and big cities. Since they are so small, they can live just about anywhere. Connecting with them will draw help you to heal physically, emotionally, and spiritually, though their energies are strongest when helping you to heal from some emotional trauma, or emotional pain. Call on the Pixie Unicorns to spread joy and happiness throughout your life, and to help you heal relationships and broken hearts.

Pixie Unicorn Reiki Empowerment

The Pixie Unicorns are tiny compared to other Unicorns. They also can be invisible. When you do see them, they may appear almost translucent and shimmering. The Pixie Unicorns are very shy. They always know you are there, but you may not know they are present. If you are really sensitive to energies, you may sense their presence. They will reveal themselves to you once they are certain they can trust you.

Whenever you are sad, afraid, or worried, the Pixie Unicorns are with you.

They are quick to comfort you. They bring love, compassion, understanding, and happiness to you. The Pixie Unicorns are one of the most compassionate Beings you will ever encounter. They are drawn to the laughter of children and are always around whenever a group of children are playing and having fun. If one child in the group seems to be ignored or avoided by the others, the Pixie Unicorns will be offering comfort and compassion to the lonely child.

Pixie Unicorns can appear in any color, blue, purple, or any combination of colors. They are generally pearly white, but often like to reveal themselves in a variety of colors. They can change colors right before your eyes! They can be anywhere from 6 inches high to about a foot and a half. On occasion they may be larger or smaller. The Pixie Unicorns live among the flowers. If you have flowers in your house, a Pixie Unicorn may take up residence there. It does not matter to them if you live out in the country on a farm, or in a big city apartment. Wherever there are plants growing, even in window boxes, you may find Pixie Unicorns. They are very lightweight and can stand on the petal of a flower or a leaf and all you may notice is that the petal or leaf sort of moves a bit. They will stand in the palm of your hand sometimes when you have connected to them.

The Pixie Unicorns will help with healing by touching you with their horn. They can bring laughter, joy, and happiness also by touching you with their Unicorn horn. The touch of their horn on your third eye will open your mind to enchanted visions, and inspiration.

Below is the Pixie Unicorn Symbol

Pixie Unicorn Reiki Empowerment Symbol

The symbol represents the Unicorn horn as a spiral that creates energies from the Light.

To use the symbol, you can draw it in the palms of your hands with your finger and then place your palms together to run the energies. Using the symbol will connect you quickly. Visualize the Light Source shining from the tip of the Unicorn horn at the top.

You can also draw a spiral on a small piece of paper and write the name of anyone who needs healing on it. This can be yourself or others, and any

plant or animal. Place a white, purple, or blue candle on top in a safe candle holder.

To chase away the blues, or to draw joy and happiness, use the symbol and run the energies. Then visualize the Pixie Unicorn in the palm of your hand. See her touch you with her magickal horn and allow the energies to flow through you. This will help to lift your spirits and will also help you to cope with trying times.

Call on the Pixie Unicorn and ask for help with healing, joy, and laughter. The Pixie Unicorn will respond quickly.

To Receive This Distance Attunement:

To receive your attunement, you will need about 20 to 30 minutes of quiet time to receive the energies of the attunement. You may receive the attunement distantly, as chi ball, or in person.

When you are ready for your attunement, get comfortable, relax, and take three deep breaths, exhaling slowly to relieve any stress of the day. Then when you are ready, say, "I accept this attunement for (name of attunement, and level if appropriate) from (name of teacher) now." Then just relax and allow the energies to flow in to you, and enjoy it.

You will receive the attunement in the same way, no matter how it is sent to you. The difference in the methods of sending attunements varies, but the actual receiving of any attunement is always the same.

To Send This Distance Attunement:

This attunement can be passed in person, distantly, or as chi ball method. The attunement is passed with intention in the manner that works best for you. Each person is a bit different in how they like to pass attunements—some use crystals, some use meditation, or soft music, chanting, or many other personal ways to increase power and ease of sending or passing attunements. It is my belief that each teacher knows what is the most comfortable, enjoyable, and powerful way that works best for them to pass on attunements, and whenever passing attunements you should always follow your guidance. Here is the basic method:

Get comfortable and relax. Take three deep breaths and exhale slowly to release any stress or tensions of the day. When you are ready, say, "I ask that (name of person being attuned) be attuned to (name of attunement, and level if appropriate) on (date and time).

If the attunement is sent as chi ball, you must create the energy sphere by creating energy between the palms of your hands, (move them closer together and out again—back and forth with your palms facing each other to build the energy), and use visualization to see the sphere or chi ball. Then place the attunement energies inside the chi ball or energy sphere with visualization as you say, “I ask that (name of person being attuned) be attuned to (name of attunement and level if appropriate). I ask that the energies of this attunement be placed within this chi ball and that the energies be kept pure until (name of person being attuned) accepts this attunement. I ask that this (name of attunement) chi ball go now to (name of person being attuned) and continue to float around (him or her) until he or she calls it in and accepts this attunement. I thank you. And so it is.”

Again, I stress this is a basic way to send this attunement as chi ball and you as teacher should always pass attunements in the way that is best for you with pure intention. You may want to seal the chi ball sphere with angelic protection to keep the energies within the sphere pure until the student calls in the attunement. You can do this by simply asking the Angels, or specific Angel like Archangel Michael to seal the energies with angelic light to protect them and keep them pure until they are received by the student. But again, you should do this in your own way. Always use the method and means of protection that work best for you.

May the Pixie Unicorns bring you great joy and happiness!
